Candidate Platform & Positions

Please detail why you would like to serve on the NFPGA Board of Directors and what skill set you will bring to the board.

I have been a PGA member for the past 27 years and have stayed very active in our Chapter for as much of that time as I possibly could. I have walked in and still do walk in a majority of your shoes on a daily basis by managing 2 profitable Clubs in the Sarasota area. I have spent the last 6 years serving not only the Southwest Chapter, but I have been serving as a Board Member for you. This takes a large commitment of which I am willing to commit another 8 years to serve you, the Member, using my strong business skills to serve our 1500 PGA Golf Professionals. We have not had a green grass PGA member on our Executive Board since Jack Binswanger, 10 years ago. We need to be represented and I feel I am the one to do so. I was fortunate to be on the Search Committee for our new Executive Director, Steve McMillen and I would like to continue to ensure the NFPGA is ran as a successful business and allows for our tournament and education participation to grow. I am excited to have an opportunity to be involved in the growth of our foundation and our overall efforts to grow the game of golf.
